Bogor, Jawa Barat

I am an Information Technology graduate with over 1 year of experience working in Software Engineering, focusing on web and mobile app development. I have hands-on experience with React JS, Laravel, and Flutter, and I am familiar with Agile, Scrum, and Git. With strong software design skills and problem-solving abilities, I am ready to contribute to a development team and tackle new challenges.

Work Experience

Monday Codes - **Jakarta, Indonesia**   May 2023 - Present
CTO & Founder
Monday Codes is a company operating in the field of Information Technology services, established in 2023

- Developed the Budi Luhur University admissions website using React Typescript on the frontend and PHP Laravel on the backend
